## Flight Assistance for our Teachers

When you are heading to the UK you will have some upfront expenses. These include gaining a visa (if you need one) and general set up costs.

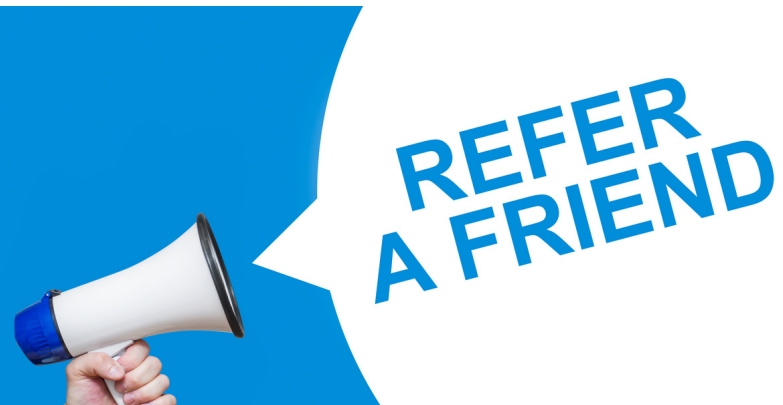

Teach in are happy to offer teachers cash towards their flight to the UK if they sign up for a Guaranteed Supply contract or secure a long-term contract in a British school.

This flight payment is based on you working for 130 days through our company.

## Refer a Friend

Did you know that most of the teachers we support have been referred to us by a friend or colleague who has previously worked through us in the UK. We love hearing from teachers and soon to be teachers who we have been recommended to. We make it our first priority to look after you from the moment you register and throughout your time in the UK. We advocate for you because we are also teachers. Do you want to have a chat about teaching or know someone who is planning a UK trip? You can refer a friend and as a tank you, you will get \$100 when they start working with us. [Click here to find out more.](#)
