Grace talks about securing her UK job

Grace started her new UK teaching job this January in London and we caught up with her at our latest Overseas Teacher Networking Event, and we asked her to tell us how she found the interview process to secure a UK teaching position.

We are at the start of our September 2024 recruitment period, so if you are looking for a supply, contract or permanent work, please reach out. Our service is free and without obligation.

Getting paid in the UK

We are committed to making sure the overseas teachers we support are paid properly and on the same scale as British trained teachers with the same experience. Pay in the UK is calculated by years of experience and the location of the school.

When you register, we will talk to you about what to expect salary-wise and how you will get paid and the pay difference between supply and contract teachers.

Teacher Pay in the UK

Headteacher Series

2. Behaviour Management

Part 2 - Behaviour Management

During covid, we asked esteemed UK Principal, Stuart McLaughlin to partner with us to create a series for overseas and local British teachers that walks you through the main things you need to know to thrive in a UK classroom.

Part 2 focuses on providing insight and strategies to promote positive behaviour in a UK classroom, build strong relationships with your students and provide behaviour management advice.

All our new teachers will be assigned a Mentor teacher in their new school and ongoing support from their UK Teach in Consultant.
