### Part 7 - Dealing with Conflict

During covid, we asked esteemed UK Principal, Stuart McLaughlin to partner with us to create a series for overseas and local British teachers that walks you through the main things you need to know to thrive in a UK classroom.

Part 7 focuses on how to successfully deal with inevitable conflict that happens within a classroom.

Stuart is able to offer some really straightforward strategies that will help you build rapport with your students and create a positive environment for everyone, but also ways to approach and manage conflict when behaviour becomes challenging in a classroom setting.
