## Spotlight on Brighton

Have you considered living in a coastal city, an hour from London? Brighton is a popular place to teach and live, with so much to do and an amazing, vibrant feel.

We can offer supply and contract roles in state, faith and independent schools. Emma is a Canadian teacher who has taken the time to walk through her experience of getting organised and then heading to Brighton on a Youth Mobility Scheme Visa.

[Watch Emma's video here!](#)

Yeah I would definitely recommend I would say nine of the 10 because I guess there's always room for improvement

## What is QTS and are you eligible?

Lots of teachers are confused about whether they can teach in the UK if they do not have proficiency in their home state, territory or province. The answer is YES!

Aussie, Canadian and New Zealand teachers are able to teach in the UK for up to 4 years as overseas trained teachers, without having to have British Qualified Teacher Status. Teachers can apply for QTS after 2 years in the UK, via a 12 week Assessment Only Pathway and experienced teachers can apply for QTS before they arrive in the UK. Whatever the case we will advocate for you to be paid the same as British trained teachers with the same experience level. [Read more a British Qualified Teacher Status here!](#)

# QTS

## Qualified Teacher Status

## Our 5 most asked questions

With over 35 years of experience supporting teachers to relocate and teach in the UK, and all staff being qualified teacher consultants, we have heard many questions about teaching in the UK over the years. There are 5 questions that we heard almost every day!

Topics include:
