Essential Tips for Supply Teachers

This practical guide provides tested solutions for supply teachers facing diverse situations, whether joining different schools or handling classes without prepared lesson plans.

We help teachers into fixed term contracts, permanent roles and into supply work, in locations across England.

Get connected at our Networking Events

Teach in is committed to creating a community for the overseas teachers we support. We know what it is like to arrive in a country and not know anyone or only a couple of people.

We also know how important it is for teachers to have a support network. It is the kind of work that can be physically and mentally draining at times and having teaching buddies can make a tough day manageable.

So many of our teachers who meet at our Induction or Networking Events decide to travel together in one of the many school holidays.
