### Your 2026 UK and Europe Travel Plan

As teachers who have lived and taught in the UK, we are always being asked for advice on all aspects of relocating to live and work in England.

One topic we love to discuss is how much travel you can fit into during the 13 weeks of school holidays + 8 bank holidays (long weekends) each year.

We have asked our team to come up with their suggestions for what to do from January–December as an overseas teacher who has wanderlust and a bucket list to tick off.

### UK Banking Options and getting Your National Insurance Number

Almost all the international teachers we help relocate to the UK to teach, have a contract secured for soon after they arrive. This means it's really important for them to have a UK banking solution in order to get paid!

Read our blog about initial and ongoing UK banking options and on how to get your UK National Insurance number.

### UK Visa Options in 2026

To work in the UK you are required by law to have an appropriate visa or to hold a valid British Passport.

There are a few different ways that Aussie, New Zealand and Canadian teachers can secure working rights for the UK. We help the teachers that we work with identify what visa to get, how and when to apply. Don't pay an expensive visa agent. We can advise you free of charge.
